ENTREPRENEURIAL SKILLS

BUILD YOUR OWN BUSINESS WITH INNOVATION

Entrepreneurial education and training provide individuals with the ability to recognize commercial opportunities, self-esteem, knowledge and skills to act on them. It includes instruction in opportunity recognition, commercializing a concept, managing resources, and initiating a business venture.

SEMINAR BY Mrs. BHOGELA KARUNA GARU PROPRIETOR

KARUNA BAKERY

SPACES Degree college concentrates on the all-round development of students. To make its students self-sufficient and independent, steps are taken to provide students with entrepreneurial education and training. Students are nurtured in such a manner that they would choose to be job providers rather than job seekers.

KARUNA BAKERY in P.L. PURAM has been making good profits and providing employment opportunities in Payakaraopeta. The unique feature of the bakery is its policy of “**MAKING AND BAKING WITH RAGI**”. The bakery is run with a motive of protecting and providing nutritious health to people, especially kids.

The bakeries in the market regularly use Maida as main ingredient in making foods, which increase bad cholesterol resulting in health problems like weight gain resulting in obesity, clogs arteries resulting in high blood pressure. In order to prevent such problems in people, especially in kids, Karuna Bakery initiated providing foods made of Ragi flour (Millets), which are gluten-free and a good choice of nutrition. The bakery is well known for its healthier and tastier food items like Ragi buns, Ragi Breads & Ragi cookies, which adds much benefit to the health of the people. The profits earned by KARUNA BAKERY demonstrated that even a small business can make good returns.
