No. of Participants: 122

Venue & Time: Room-102, 3.00p.m

A seminar on "NURTRITION AND HB LEVEL IN WOMEN" was conducted at SPACES Degree College by Sri L Appala Naidu on 25/01/2020. In this program, students were trained Anemia is a medical condition in which there is not enough healthy red blood cells to carry oxygen to the tissues in the body. He gave nutrition guidelines like, a well balanced diet with adequate calories and good quality protein, foods rich in iron, folic acid, Vitamin 'B12' & 'C' needs to be taken.

He suggested students to avoid do not drink tea or coffee with your meals. Take it an hour before or after the meal. Do not combine an iron-rich meal with too many calcium-rich foods like milk, cheese, paneer etc. Too much fiber in the diet also affects the iron absorption. In this program around 122 students participated very actively and enthusiastically.
